

FRY PHYSICAL THERAPY STUDENT ASSISTANCE FUND
The University of Michigan-Flint

Physical therapy faculty member Donna Fry-Welch established the Fry Physical Therapy Student Assistance Fund in loving memory of her parents, Robert and Mildred (Wanty) Fry. The fund is designated to provide students currently enrolled in the professional Doctor of Physical Therapy degree program with financial resources to meet unanticipated emergency needs.

Funds are maintained in a separate account and administered by the Physical Therapy Department. Applications are available in the Physical Therapy Department office and should be submitted directly to the chair of the Alumni/Development & Scholarships/Awards/Grants Committee. The committee will review all applications. All disbursements must be approved by the Physical Therapy faculty. Recipients may meet with financial aid officers if they are interested in having their financial aid repackaged.

Upon faculty approval of a disbursement, the Physical Therapy business administrator will instruct the Office of Accounting to issue a check, in the student's name, to be picked up in the Cashier's Office.

Accounting Department reports of the account will be provided to the director of physical therapy and the Office of Development.

Criteria for Awarding Assistance:

1. Preference will be given to minority students.
2. The maximum amount a student may receive in any one academic year is \$200.00, with no student benefiting from this fund for more than three years.
3. During each academic year, all earned scholarship interest will be disbursed.
4. Full- or part-time Professional Level DPT students may apply for financial assistance from the fund at any time during their Professional Level DPT program, including during Clinical Education IV, V, and VI.
5. Academic performance and standing are not criterion and are not considered for awarding assistance; however, if a student is under sanctions determined by the faculty in a professional conduct hearing, the student is not eligible to apply.
