Thank you!

Thank you to all of the faculty who contributed to the implementation of the assessment of our general education curriculum this past fall, specifically the assessment of student writing.

To capitalize on this momentum, faculty are asked to participate in a forum to debrief and reflect on the use of TK20 and the successes and challenges of using the rubric. It will also be a time to consider the preliminary data and discuss how it can be interpreted to measure the success of our students.

Please mark your calendar and plan to attend!
