HCR 490 Advanced Capstone/Internship

ELIGIBILITY

Students are only eligible to apply to elect HCR 490 if current work in their respective major field and their work experience is at least comparable to that which would be obtained through a traditional internship (requiring a minimum of 150 on-site work hours). Even with comparable work experience, a student may still want to consider pursuing HCR 390 to complement their experience.

To request to elect HCR 490, students must submit a formal written request to PubHealthIntern@umflint.edu including:

• A detailed description of:
  o Comparable, relevant work experience
  o How professional work experience has informed coursework
  o How coursework has informed professional work

• Current resume

All requests will be reviewed and students will be notified within 2 weeks if their request has been approved or denied. If approved, students will be sent the HCR 490 Proposed Capstone Application Form.
