This RN/MSN curricular pathway is for highly qualified ADN nurses WITHOUT another non-nursing bachelor’s degree and are seeking an MSN degree at UM-Flint as a Family Nurse Practitioner. Students must have a 3.50 GPA or better in the last 60 post-secondary credits completed. (If the applicant’s ADN degree does not meet the 60-credit minimum, the most recent 60 college level credits will be considered.) A minimum of a B grade or better is required in prerequisite courses. The exception is English and statistics: a grade of C is acceptable.

Application Process:
1) Complete the Graduate Application at umflint.edu/graduate programs. Students must apply for either the Part-Time or Full-Time curriculum at the time of application.
2) All courses (except for English) must be completed at UM-Flint. A minimum grade of B (3.0) is required in each course.
3) All Prerequisites must be finished within two years of application. A deadline will be given to each accepted student for prerequisite completion.

After completion of the undergraduate courses RN-MSN students will continue to the MSN Curriculum according to your admitted area of emphasis.

REQUIREMENTS
• Current unencumbered RN license in the United States
• Professional Goal Statement
• 3 references (form and details on Graduate Programs website)
• Current Curriculum Vitae or Resume
• Transcripts from all colleges and universities you have attended
• Application for Graduate Admission
• $55 application fee

These classes are available online at UM-Flint.
