UNIVERSITY OF MICHIGAN-FLINT

Council of Deans Meeting
Thursday, January 29, 2015
3:00 p.m. – Shiawassee Room

~ Minutes ~

Interim Provost Dixon called the meeting to order at 3:00 p.m.

In lieu of a formal agenda, the meeting was devoted to a long discussion regarding the current Budget Model so that Interim Provost Dixon could gain a better understanding of how it affects each unit and any challenges that it presents.

Barbara disseminated a handout, “How Culture Shapes the Climate Change Debate” by Andrew J. Hoffman from the Ann Arbor campus. Dr. Hoffman wanted to share information of a conference that is being planned in May surrounding this topic and wanted to reach out to the Flint campus. After discussion, the consensus of the Council was that they thought that this information should be sent out campus-wide to all faculty.

The meeting was adjourned at 5:00 p.m.
