
Guests: Fawn Skarsten, Director/Institutional Analysis
Tony Brumar, Business Intelligence Analyst/ Institutional Analysis,
Aimi Moss, Director/Academic Advising

Provost Voland called the meeting to order at 3:00 p.m.

Tableau System Fawn and Tony updated the Council on the Tableau System and the various dashboards, projects and workbooks that can be created. They advised the Council that Tableau is now accessible through Wolverine Access. Based on a question of whether or not staff had access to the system, they do not have access at this time, although once an e-mail is sent to Institutional Analysis, they will provide them access. Now that Tableau is available through Wolverine Access there are no licensing restrictions.

Fawn asked that the Deans explore the Tableau System and give them feedback as to what dashboards, projects, or workbooks they would like to see. She offered to meet with Deans individually to discuss any needs and/or wants they may have.

Overnight Orientation Program Aimi provided a brief overview of the Overnight Orientation Program, which is designed for freshman who will be attending UM-Flint. Because there are major changes this year she would like the Deans’ support. Academic Advising strongly recommends that freshmen meet faculty, staff, advisors, and the Dean, if possible, in the academic department of their major. The Deans agreed and Aimi will begin contacting departments with times and dates. Aimi indicated they will be scheduled for one hour from 3:30 – 4:30 p.m. and she will provide the departments with talking points. The goal is to excite the student about their major. Studies have proven that seeing faculty is extremely important to incoming students; they tend to see faculty as someone they would be able to connect with.

Approval of Minutes from February 13, 2014 The Minutes of February 13, 2014, were approved.
**Matters Arising**  Gerard presented the GISD Adaptive Schools Seminar to the Deans. The seminar will focus on strategies to move forward with collaborations. Even though this is geared toward K-12, he believes it will be beneficial to the University and asked if anyone would be interested in sending someone from their college/school. The Provost Office will pay for whoever wants to go and Gerard will be attending the seminar as well. The deans will be providing the following representatives: 3 from the School of Education and Human Services, 2 from the School of Health Professions and Studies, 3 from the College of Arts and Sciences, 3 from Graduate Programs, and 2 from the School of Management. The Seminar will be held at the Genesee Intermediate School District, Erwin L. Davis Education Center – Room ABCD, from **8:00 a.m. to 3:00 p.m.** on the following dates:

- Tuesday, April 1
- Monday, April 28
- Tuesday, August 5
- Wednesday, August 6

Gerard thanked the Deans for submitting their enrollment projections to the Business and Finance Office.

Bob informed the Deans that the School of Education and Human Services now has a substance abuse minor that will go well with majors in other college/schools. He would like to collaborate with different departments regarding this minor and find out how the School of Education and Human Services can help them. The substance abuse minor will become a major in 2015.

The meeting adjourned at 4:45 p.m.
