Announcement Information
Part-time Non-Eligible summer employee positions are not part of the Oakland County Merit System. These positions are limited to 520 hours during the summer months.

Job Summary
Under close supervision, is responsible for assisting in the daily activities of the Epidemiology Unit and for helping develop and implement programs for disease control and prevention. May assist in providing educational services relative to ongoing and projected disease control activities. Investigates to determine the cause of epidemic situations. With training may maintain systems for the collection and reporting of relevant data on communicable and chronic diseases and injury control to appropriate state, federal and local agencies. Presents results of studies or outbreaks to Health Division administration and staff. Responsible for special studies as assigned. Utilizes current county-wide and/or department specific software to complete assignments.

Minimum Qualifications
1. Must be currently enrolled in a Master's of Public Health program at an accredited school of Public Health; AND
2. Possess a valid motor vehicle operator's or chauffeur's license.

NOTE: Student Epidemiologists who have an out-of-state driver's license will be required to submit a Motor Vehicle Record from the issuing state BEFORE they begin employment with Oakland County.

3. Pass the employment physical established for this classification.

Special Requirements
1. Must submit to immunizations as required by the Department of Health & Human Services, and submit to a tuberculin skin test or chest x-ray, at County expense.

2. Must maintain a valid motor vehicle operator's license.
