Todd Toulouse

is recognized for outstanding contributions to the success of the campus and is therefore awarded this

STERLING STAFF AWARD

"Todd performs multiple jobs in our department. First, he is the person who is in charge of all purchases of chemicals and maintenance of equipment for the laboratory classes. We have various lab classes, which enroll more than 1000 students per year. It is a big challenge to keep all labs in very good shape at any time. But Todd does a very good job. Second, Todd helps the faculty with their research and the associated financial activities. I am glad that, because of Todd, I could spend more time in research, instead of digging the numbers in my monthly statement. He always places the order or generates the financial reports for the faculty in a very timely manner. Finally, Todd is involved in most connections with the outside vendors for the departmental business. It is very time-consuming but he supplies the best service to the department, faculty, and students. Thank you!"
