Policy Summary
This policy is designed to encourage the growth of funded research activity, the pursuit of external grant funds to support investor-led research, and the inclusion whenever possible of indirect costs in federal and private sponsor funding proposals.

Scope
All employees of the University of Michigan-Flint are included in this policy.

Policy Statement
The Office of the Provost has oversight for 100% of all indirect costs recovered from grants awarded to faculty or staff within all units of Academic Affairs. The funds will generally be distributed as follows:

- 50% - Office of Research and Sponsored Programs
- To the area attached to the grant which generated the Indirect Cost Recovery:
  - 15% - Dean’s Department ID
  - 10% - Department ID housing the grant
  - 25% - for grant-related use directed by the Principal Investigator

100% of all indirect costs recovered from grants awarded outside of Academic Affairs will be managed by the appropriate Vice Chancellor. The funds will generally be distributed as follows:

- 50% - Office of Research and Sponsored Programs
- To the area attached to the grant which generated the indirect cost recovery:
  - 15% - Vice Chancellor’s Department ID
  - 10% - Department ID housing the grant
  - 25% - for grant-related use directed by the Principal Investigator
