

Math Tutoring Policies

Qualifications for initial hiring.

1. Minimum GPA of 3.7 (A-) or higher in at least three courses from: MTH 121, 122, 220, 222.
2. Recommendation from a UM-Flint course instructor (from a course at or above the level of MTH 220).

Qualifications for continued hiring.

1. Maintenance of a GPA of B (3.0) or higher overall in mathematics courses.
2. Evidence of tutoring quality (attendance, student and faculty satisfaction, etc.).

Scheduling.

1. Only students meeting the qualifications above will be scheduled for tutoring, regardless of prior experience.
2. Hours will be assigned according to experience and quality of tutoring.
3. Scheduling will be done in rounds, with the most qualified students scheduled first, according to their availability.

Note. The Math Department Tutor Lab Coordinator has the final authority on hiring and scheduling decisions.
